Immediate Burial:

An immediate burial in a minimum casket is the least costly funeral offered leading to burial. It bypasses embalming, a visitation and a formal service, but includes the funeral home's basic service fee and the lowest priced casket.

Standard Funeral:

The prices on this column are the totals of nine standard items listed by each funeral home on its General Price List (GPL) for a funeral leading to burial.

Cemetery costs are extra.

The totals include:

- Lowest-priced casket and grave liner offered by the funeral home
- Embalming
- Transporting the body to the funeral home
- Visitation at the funeral home
- Service at the funeral home
- Use of a limousine
- Use of a hearse
- "Basic Services" charge

Our mission is to educate and support families and individuals in making informed decisions about death related services consistent with their values and lifestyles

Families may decline some of the items and thus reduce the total cost. For instance, declining embalming could save \$816 (the KC area average).

The "Basic Service" charge (\$2,151 average) is non-declinable. It is a charge for "overhead" and should include obtaining the death certificate and handling the obituary.

Each item is listed separately on the GPL that each funeral home is required to provide to consumers by the Federal Trade Commission. All of the prices may be viewed on FCA-GKC's website.

Some normal funeral expenses are not included in the funeral home's General Price List, but should be anticipated. These include honorariums for clergy and musicians, flowers, newspaper obituary fees, sales tax, and certified copies of the death certificate.

* Unable to calculate due to missing prices on the funeral home's GPL.
